

July 2025

REACH AND HEAVY METAL CONTENT

To Whom it may concern

Morgancoat pressure sensitive products are assembled using only approved imported raw materials from consistent supply sources.

All raw materials, and hence assembled laminated product supplied locally are declared to be suitable for indirect food contact and are free of banned substances, toxins, or heavy metals, including Lead, Cadmium, Mercury and Chromium.

Raw materials (face-stocks, adhesives and release liners) conform to the amended regulation with the inclusion of the updated list of Substances of Very High Concern (June 2025):

(EC) 1907/2006 REACH
