

13 June 2024

To Whom It May Concern:

As the leading manufacturer of produce labels, Sinclair is committed to providing inherently safe and environmentally friendly products. Sinclair supplies food labels to the highest level of quality and food safety that comply with all relevant legislation.

Sinclair and its suppliers do not add poly(Lactic acid) (PLA) as a raw material into any component in the manufacturing of T55. Therefore, PLA is not expected to be present in the final composition.

The information disclosed and referenced above is provided to the best of our knowledge, based on the information provided by the relevant raw material and component suppliers. We believe this information is accurate and is offered in good faith. This information is subject to revision when additional knowledge/information is gained. Please do not hesitate to contact me should you need additional information.

Sincerely,

A handwritten signature in black ink that reads "John Ryan". The signature is written in a cursive style with a large, stylized "J" and "R".

John Ryan
Laminate Development Manager
