15th April 2026

To Whom It May Concern,

Sinclair has thoroughly reviewed our own products and procedures and can continue to assure all its customers that their labels are safe and confirm;

- *Absence of intentionally added PFAS,*
- *Test results in accordance with the methodology required by the PPWR (TF, GC/MS, targeted PFAS analysis + TOP test), meet legislative requirements*
- *Current reports from accredited laboratories are on file internally*
- *Full traceability of individual materials and supervision of subcontractors.*

For the following laminates;

Label
Type 25
Type 26
Type 27
Type 28
Type 42
Type 45
Type 50
Type 55

As a leading manufacturer of produce labels, Sinclair is dedicated to delivering safe, high-quality, and environmentally responsible products. Our labels meet the highest standards of food safety and quality.

The disclosed information referenced above is, to the best of our knowledge, based solely on the data and information provided by our raw materials suppliers. Because Sinclair has not conducted testing on our labels, we recommend that you or your customer(s) make your own determination on the suitability of the products listed above for your application.

I hope this letter supplies you with the necessary assurance; please do not hesitate to contact me should you need additional information.

A handwritten signature in black ink that reads "John Ryan." The signature is written in a cursive, slightly stylized font.

John Ryan
