Product Description: Self adhesive, fresh produce label, compostable

Sinclair Laminate Type:	T55		
Face Stock Material:	Certified compostable film		
Laminate colour:	White		
Adhesive:	Removable pressure-sensitive, food-safe adhesive designed for adhesion to fresh fruits and vegetables, compostable		
Ink:	Sinclair compostable labels use certified compostable inks that were specifically formulated to ensure printed labels meet composting and food safety requirements. Sinclair inks comply with the EuPIA Exclusion Policy and are Benzophenone, ITX, and BDK-free. External third parties have reviewed the inks for compliance with use on Sinclair's fresh produce labels.		
Liner:	A siliconized paper that can be either recycled or composted. Check your local waste handling requirements.		
Certified Compostable:	Yes, see certificates here; https://www.sinclair-intl.com/wp-content/uploads/2025/02/All-Sinclair-home-compost-certification-certificates_130225.pdf		
FDA Regulations:	FDA Code of Federal Regulation 21 C.F.R. § 174.500, 175.125(b), 177.1520(a)(3)(i), (c) 1.1a, 3.2a & (c)3.1a, 177.1630, 178.2010, 178.3297		
EU Regulations	EU human health regulation: REACH 1907/2006 EU Packaging and Packaging Waste Directive: 94/62/EC & EU PPWD 2025/40 EU Framework Regulation: (EC) No 1935/2004 EU GMP Regulation: (EU) 2023/2006 EU Plastics Regulation: (EU) No 10/2011 up to amendment 2024/3190 RS 817.023.21		
Warranty Life:	12 Months from date of manufacture		
Splicing and joins:	Please note that due to production practices, occasional finished label rolls may contain colored or clear splice tape. This may affect 1-2 labels per roll. Labels with splice tape are not considered certified compostable. These labels are still food-safe should they make their way through the supply chain, but visually will look different.		
Storage	Ideal storage temperature range is 15-25 degrees C, 59-77 degrees F, Keep out of direct sunlight/light when not in use.		
Self adhesive Weight (SAW) '000 labels (g)	Mass of 1000 labels: 34.58942 g	Facestock Weight (FW) '000 labels (g)	Mass of 1000 labels: 27.91622 g
Composition	Sinclair T55 fruit labels contain 30 percent bio content and 0 percent recycled content.		
Label waste	Sinclair T55 fruit labels are classified as 7 Other and are best disposed of with food waste		
Liner waste	A siliconized paper that can be either recycled or composted. Check your local waste handling requirements.
