STORAGE	
Actual material shelf life (finished goods) at Correct storage conditions	6 months from printing date
Recommended Storage Shelf life of material at Customer Warehouse/Stores	To obtain optimal performance, use this product within half a year of the date of manufacture, under storage conditions as defined by FINAT (20-25°C; 40-50%RH). Prolonged storage outside these conditions might reduce the shelf lifeUV Austria ref. S0259 Re-establish integrity every 6 months by water test
Recommended storage conditions	Store away from direct sun, excessive temperatures away from the floor, and must be always closed
TRANSPORTATION	
Delivery Vehicle (locked/sealed/closed)	Locked, sealed, and closed vehicles are used
Delivery Conditions	Vehicle must be clean and secure
COUNTRY OF MANUFACTURE AND USE	South Africa
INTENDED USE	
It can be used for all kinds of applications but is specifically suited for applications where the complete packaging should be biodegradable and where direct food contact is required. The NatureFlex film also has a good resistant to oils and grease. Natureflex is sensitive to temperature and humidity; these parameters will potentially cause the film to shrink. It's recommended to test suitability in the end user application under various conditions. It is also recommended the storage in its original wrapping away from any source of local heating or direct sunlight. S9500 is ideally used for all kinds of applications but is specifically suited for those kinds of applications where the complete packaging should be biodegradable and where indirect or direct food contact with dry foodstuff is required (ie. fruits & vegetables labeling).	

USER INSTRUCTIONS	
Direct application to fruit or other packaging	
In-line Applicator	
Handheld applicator	
LIMITATIONS / POTENTIAL MISUSE	
No known misuse	
FUNCTIONAL PROPERTIES / CLAIMS	TREATMENTS / PROCESSES
No functional claims are made.	Printing, rewinding and slitting
PACKAGING	
Packed in inner plastic bags and then in corrugated boxes	

Smart Farming Technologies wishes to declare that the final product is processed in a high-hygiene factory following the BRCGS Global Standard for Packaging and Packaging Material, and the company is seeking certification.

This declaration is valid for the product delivered by us as specified above. According to that and under consideration of the food contact conditions stated, the product complies with the stipulations of these Directives regarding the packaging of food products to be packed. The user shall verify that the product is suitable for the intended food to be packed beyond the stipulations of the Directives.
