Article 5 – Requirements for Substances in Packaging

Based on our current product formulation, manufacturing process and the information provided by our approved raw material suppliers, Yagdan Manufacturing (Pty) Ltd. t/a Azapak Paper Products declares that, to the best of our knowledge, per- and polyfluoroalkyl substances (PFAS) are not intentionally added during the manufacture of this product.

Additionally, to the best of our knowledge and based on information provided by our approved raw material suppliers, PFAS are not intentionally present in the raw materials used to manufacture this product.

This declaration is based on supplier documentation, formulation knowledge and information available to Azapak Paper Products at the date of issue.

Azapak Paper Products will continue to monitor developments relating to Regulation (EU) 2025/40 and will review and update this Declaration of Conformity and its supporting technical documentation as additional regulatory guidance, supplier information or other relevant information becomes available.

Good Manufacturing Practice

The product is manufactured under documented Good Manufacturing Practices in accordance with Regulation (EC) No. 2023/2006 and within a certified Food Safety Management System. Product traceability is maintained throughout the manufacturing process.

Traceability

All raw materials and finished products are subject to documented batch identification and traceability procedures. Records are maintained in accordance with Azapak Paper Products' Quality Management System to support product identification and regulatory compliance.

Basis of Declaration

This Declaration of Conformity is based on information available at the date of issue, including the supporting documentation listed above, supplier declarations, technical data, formulation knowledge and documented manufacturing controls. These records form part of Azapak Paper Products' technical file and are reviewed following changes in legislation, raw materials, product composition or other information that may affect this declaration.
